For 20 years she's inspired, influenced, and mentored hundreds of women and men how to first believe in themselves - then write their book- and finally become UNSTOPPABLE.

Yvonne DiVita brings more than 20 years of passionate writing, speaking, and communication skills to everything she does Her favorite quote from Harriett Beecher Stowe, "Women are the real architects of society," says it all for her. She has presented to audiences nationwide and is asked to speak on podcasts from around the world. Her recent book, *The HOW TO WRITE A BOOK Book* compares writing a book to building a house.

### Good Things Come to Those Who Write:

- Write your book with a professional developmental editor
- Work with someone who has been in the industry for over 20 years
- Work with someone who understands the power of words

People who work with me are transformed. I show them the magic at their fingertips. With a little grit, determination, and waywardness, my authors became stronger, smarter, and happier. Fully unstoppable! From my 2004 book, *Dickless Marketing: Smart Marketing to Women Online*, to my blog Lipsticking, to my recent eBooks and more, I've established a trusted, comfortable place that offers new and established writers the support, knowledge, and tools they need to build the success they deserve.

"Yvonne is a fantastic editor. She formed my academic writing into a cogent storyline. She is an inspiration to any writer and has pointed me in the right direction many times over. She is also an absolute joy to work with. She makes the tedium of writing fun and challenging. I highly recommend her! ~ Mary T. O'Sullivan

*I went into this thinking Yvonne would give me some career and writing advice, but it has been so much more than that. Yvonne has helped me believe I can do more than I thought possible and offered me hope during a challenging time and an experienced and caring ear when I needed it. To Yvonne, I wish to say, "Thank you for everything. You've been invaluable." ~*

**Alana Grelyak, Photographer and Entrepreneur.**

*My publisher/author advisor, Yvonne DiVita, went above and beyond in helping publish [my] books. I appreciate her taking on the role of a surrogate counselor during some difficult times, many unrelated to the book itself.*

**~ Sybil Sterschic ~ Quality Service Marketing**

*You were a big dot in my "connect the dots" exercise. You taught me how to write creative non-fiction and how to connect to the heart of written expression. That, combined with my ability to connect with energetic resonance while writing is what is creating the sweet spot, I'm currently in. Thank you! ~*
